### FROM PRESIDENT CHRIS

What a treat it was to be joined by Mrs. Marshall's class last week! They put a lot of time, thought and effort into their presentation as well. The entire exchange was very heart warming.

We were also visited by the forensic team running the DNA lab with the Sheriff's Department. They are an impressive group with even more impressive capabilities. The DNA lab will quicken the turnaround time on many legal cases and serve as a resource to other law enforcement agencies in our area.

Chris Baker, 2008-2009 Sea Island Rotary President
