From President Marc

Thanks to LEED-accredited professional landscape architect Mike Small for his presentation on how to conserve water, energy and money. Limiting turf, planting native plants, and adding cisterns and drip irrigation not only save water and money, but also time behind the lawn mower.

Great job to all who scooped up Shrimp Race entry forms and posters. Let's have fun and sell those adoptions!

Our District Governor, Alan Waters, will present the program at our August 11, 2009 meeting. Please remember the Rotary protocol to stand when he is introduced and again when he finishes his remarks.

Photo Highlights from the July 28 meeting

Speaker Mike Small discusses good ideas for landscaping.

Are Beth and Jennifer planning new landscaping projects? Herman looks intent!

Lee has a great big Sea Island Rotary smile!

President Marc is looking very presidential in this shot.

District 7770 is recruiting candidates to serve as a team leader and participate as team members in a Group Study Exchange (GSE) trip to the Paraná state in southern Brazil. Although the team leader must be a Rotarian, GSE team members cannot be Rotarians or an immediate relative of a Rotarian. Applications to participate in the program are due by August 26, and interviews to select team members will be held in September. The trip to Brazil is scheduled from May 22, 2010, to June 20, 2010. For more information, contact Garry Powers, of the Rotary Club of Five Points, at 803-252-0336. www.rotary.org/en/serviceandfellowship/fellowship/GroupStudyExchange
