### From President Marc

Last week we heard from Chancellor Jane Upshaw of USC Beaufort. Jane walked us through the history of the institution first as Beaufort College to its present state as a four-year, baccalaureate-granting institution. The breadth of programs offered and the growth of USCB is truly exciting. Disturbing, however, is the dramatically declining State support for this fine institution. We have a direct stake in this and need to speak up in support of USCB whenever possible.
