From President Randy

Last week Alice brought us a program featuring David Homyk, VP for Human Relations at BMH. David suggested we work hard as leaders to keep our institutional message simple in order for employees and the public to see the alignment of the organization's values. I am going to keep David's advice close to heart as I try to explain the coming Sea Island Rotary Year this week. In a **brief** PowerPoint presentation I will show who will be doing what from the board's structure, look at the club's major events and commitments for the year, and share a little about member expectations for us to be successful. I hope to see everyone there.
