### Last Meeting's Notes

Our speakers November 1 gave us a very informative presentation on the current state of the Beaufort Memorial Hospital and plans for improvement, concentrating on the emergency room. Marion Moody, Director of Plant Services, and Kevin Kremer, Emergency Department Director, were our guest speakers. The hospital was founded in 1944, with major building campaigns in 1962, 1978, and 1994. During this period, the emergency room grew from 1400 square feet to its current size of 9500 SF. An expansion currently underway will increase the size of the ER to 21,000 SF. The current construction will consist of 16,000 SF of new construction and the same amount of renovated existing space. Parking and access will be temporarily shifted during construction.

- 3. Will it build GOODWILL and BETTER FRIENDSHIPS?**
- 4. Will it be BENEFICIAL to all concerned?**
